# About Us

For over 40 years, we have provided a safe haven with 24/7 crisis support, emergency shelter, and free counselling to individuals and families experiencing domestic violence. With 16 shelter beds and a broad outreach footprint, we empower people through confidential care, advocacy, and ongoing support — no matter their gender or orientation.

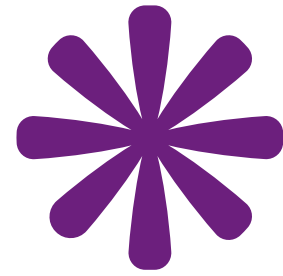

## Our Mission

The mission of Agape House – Eastman Crisis Centre, Inc. is to empower individuals and families experiencing family violence by providing safe shelter, information, counselling, and ongoing support. Our work is guided by values that reflect our commitment to the people we serve: we create safety, inspire trust, act with integrity, level the playing field, move as one team, and grow together.
